

SEBILJ PROJECT AND SPONSORSHIP FORM

The building of a Sebilj (Bosnian monument) in Utica, NY is an important and meaningful project that is close to our hearts. This project is dedicated to the city by representing the Bosnian community that had been so welcomed as refugees after the war in the early 1990s. Today, we are an integral component of what makes Utica such a special place. We believe that a Sebilj will be an inspirational symbol for Bosnians and non-Bosnians for generations to come. Our Sebilj will be a lasting reminder of our community's values and identity, and will be a great asset for our city by bringing a bit of our history and architecture into a public space. By doing this, we can share this monument, which symbolizes who we are with future generations, creating a better and brighter future for our children and our grandchildren. You can help by donating your expertise, your time, and making a financial contribution to make this dream become a reality.

We invite you to join us in creating something truly special and memorable that will inspire others and leave a legacy for years to come. It does not matter how much money you can donate - every contribution counts. Please remember that you can also contribute by donating your time, skills, and ideas. If you have any questions, do not hesitate to contact us. We look forward to your involvement in this remarkable achievement, and thank you again for your support!
